**Home** - a welcome page also displaying the various tab options on top:

**News** - catch up with the latest, recent and archived news items.

**Benjamin Miller** - a page dedicated to my father who first kindled my interest in the family genealogy.

**Family Tree** - the engine room of the website.

Conduct a search for individuals/families surnames alphabetically.

Each individual page includes navigation options of Timeline, Ancestors, Descendants and Relationships.

On the top right hand:

Tabs with various options the most notable of which are - *Media/Albums and info/statistics*

On the left:

*Surnames* - search for anyone by surname.

*Search* - a more specific search first name, surname etc.

*Family Gallery* - display of every image in the website and its link to an individual or family.

*What's New* - the last 10 items entered.

*Suggest a change* - this tab also appears on every individual page. If there is a particular record that is inaccurate this option will direct us to the problem immediately.

**Family Emails** - a data base of family email addresses from around the world. To access you need to log in on the left hand side. I will forward the username/password by email.

**Links** and **Contact Us** complete the navigation tabs.
